A short story of Jimmy and Grace

On Saturday February 27, 2016 Jimmy Johnson made the decision to drive his little red convertible sports car over to Grace's **apartment 1**. to see if she was available to join him for a scenic ride along the famous **highway 2**. 66.

It had been months since they were together last so Jimmy decided to wear his favorite blue **pants 3**. in order to look his best. He knows Grace really likes the color blue, because her **cell 4**. phone, **truck 5**., and favorite dress are all the same shade of blue.

It was a pleasant sunny day so he decided to surprise her and pack a picnic basket and a box of **candy 6**. in the **trunk 7**. next to the spare tire. It wasn't until the moment he started the car that he noticed he was short on **gas 8**. and needed to stop at the **gas station 9**. to fill up the tank and clean the dirty **windshield 10**. Jimmy thinks paying for expensive gas is worse than walking down his long **sidewalk 11**. to take out the **garbage 12**., but he also knows that seeing Grace is worth every penny he has and it's much better to drive to her than stay in and watch a **movie 13**. all by himself.

Jimmy and Grace went for the car ride that day and found themselves listening to great music, talking, and laughing until the sunset.
